

MEET OUR STUDENTS!

Name: Ailton Schoemberger Neto (Curitiba, Brasil)
Program: Bachelors of Business Administration
Future Career: Stock Broker
Student Government, Vice-President

Q) Why did you choose to study at PLI?

A) PLI has an excellent reputation in Brazil. The school came highly recommended to me. I visited their website and I was very impressed by the programs and activities, so I knew PLI was the right school for me.

Q) How did PLI prepare you for studying at FDU-Vancouver?

A) PLI has excellent teachers. They need a special certificate to teach English at PLI. The classes are very dynamic and interactive. You don't just sit in a lecture at PLI, there is lots of fun group work, the reading texts are great, and you speak a lot with other students.

Q) Why did you choose FDU-Vancouver?

A) The first reason was the friendly and helpful staff. They cared about me and helped me through the application process. FDU has a great reputation. I called my friend who is going to university in New York, and she told me that her professors recommended FDU as a great university.

Q) What is your favorite subject at FDU-Vancouver? Why?

A) Financial Business is my favorite class. I really like the stock market and this class is preparing me well for my future profession.

Q) What is your favorite part of FDU outside of the classroom?

A) The new friends that I am making and the great activities. Everyone is friendly and the diversity is great, people here come from all around the world. In Brazil, everyone usually has the same view and perspective on things. At FDU-Vancouver, I interact with different people who have different views on subjects.
